Dear Glen Taylor Families,

I am thrilled to share with you that I have been appointed the new Principal of Glen Taylor Elementary. It has been my great joy to be a part of the Glen Taylor family for the last six years as the Assistant Principal. I have watched the great things our students have accomplished, such as being a Blue Ribbon School and continuing to exceed district average on our state assessments every year. Not only does our academic accolades speak to Glen Taylor's greatness but also our focus on the positive school environment that I hold so near and dear to my heart.

As our 2017-18 school year winds down, I will be celebrating all the great successes and looking to reflect on how we can make 2018-19 even better. I look forward to continuing to lead our school to further accomplishments, at its highest degrees. We at Glen Taylor look to positively motivate our students to build self-confidence and perseverance. Lastly, I will continue to make it a focus to foster positive relationships with our families, whom without we would have little effect. In the upcoming future, there will be changes in our staff that will bring new and fresh eyes to our campus to help our students thrive. Please join me in embracing these changes as it will continue to make our school even better!

As always, Glen Taylor has had my heart, and I am proud to say I am the Principal of such a great school! I truly appreciate all your support, warm wishes, and faith in leading Glen Taylor for years to come.

Sincerely,

Tara (Speaker) Doetch
Principal of Glen Taylor
